

## Concern America's Virtual Walk Out of Poverty 2021

Thank you for supporting community-led health care, clean water, education, and economic opportunities in Latin America. Your participation has an incredible impact.

- \$50 provides medical equipment for a community Midwife
- \$100 means clean water for a person for 20 years through a village water system
- \$250 is one year of medical training for a community health promoter practitioner
- \$1,000 supports full training for a practitioner, becoming the primary care provider in their village
